

Clothing Policy Survey

Management asked Abbey Centre members and visitors whether or not they would like to see the policy updated or changed, as it has not been updated since its implementation in 2014.

This survey ran from January 26 until February 22 and was made available via the Abbey Centre newsletter, on the Abbey Centre website, and was posted around the facility to ensure we were acquiring feedback from those who use the Abbey Centre.

From the 65 responses, it was determined by the Recreation, Culture and Parks Board that the Clothing Policy be updated to create a non-restrictive and inclusive environment for our users.

NEW Clothing and Clean Shoe Policy:

All Fitness Centre/Track users are required to wear athletic gym apparel. No bare chests. Clothing must be free of inappropriate or offensive language/graphics. Clean, dry shoes are required in the Fitness Centre/Running Track and Field House.
